LIVE STOCK MARKET

The trade was very active for the good, fat, light weight hogs today with values stronger than yesterday with the top making \$8.25. All other grades of hogs on the other hand were slow and weak. The bulk of the 160 to 220 pound hogs sold at \$8 to \$8.15; 120 to 104 pounds at \$7.75 to \$8.20; lighter pigs \$6.25 to \$7.50; 220 to 250 pounds \$7.75 to \$8.10; hogs 260 pounds and upwards, \$6.85 to \$7.25, with rough hogs at \$6.25 to \$6.50. Receipts 6,000, with about 2,000 direct to packers.

Many half-fat, light weight hogs are being received and buyers are discriminating against these kinds. We are still advising our friends and customers who have fat hogs to market them as we do not like the looks of the future.

Cattle receipts 7,000. Generally the market was about steady today. Choice butcher yearlings and canner stuff are selling steady with last week, though medium grades of butcher stuff and medium beef steers are 15c to 25c lower. Good to choice beef steers steady, but stockers and feeders have broken 25c to 35c.

Sheep receipts 2,000. Today's trade was steady. Top lambs at \$8.65; bulk of the good at \$8.35 to \$8.75, with best culls at \$6.50 to \$7. Fat sheep \$5.25; chopper sheep \$4.25; canners \$3 and bucks at \$4.25. Breeding ewes 75c lower. Good kinds are selling at \$6.75 to \$7, and it looks like a good time to buy. If you need any send us your order.

Yours very truly,
Nat. Live Stock Com. Co.

TRUE ECONOMY . . .

means the wise spending of one's money—making every dollar do full duty and getting in return an article that will satisfy you in every way.

The WHITE

is a real bargain because it is sold at a popular price; because it gives you the kind of sewing you delight in; because it will turn out the work quickly and thoroughly; because its improvements will enable you to do things which can't be done on any other machine; because it will please you with its fine finish and beauty of its furniture. In short you will find the White reliable and desirable from every point of view.

Be sure to see the White dealer who will be glad to show you how good a machine the White is. If there is no White dealer handy, write us direct for catalog. We do not sell to catalog houses. Vibrator and Rotary Shuttle Machines.

DEMOCRATIC RECORD

Jefferson City, Mo., Aug. 9.—The certificate just made by State Auditor Gordon to Superintendent of Schools H. A. Gass, apportions the magnificent sum of \$1,613,470.80 to the public schools out of the state revenues. The Democratic state administration in addition to the above named sum has appropriated from the state revenues for town, village and rural high schools, teachers' training courses in the public schools, and for supervision of district schools, the further sum of \$395,290.03. From the same source this year the state administration has appropriated the further sum of \$250,000.00 for the rebuilding of the Normal school, which was burned early last spring, at Warrensburg. This unusually large sum is \$326,680.38 more than was ever before given to the public schools at any one time. In the foregoing, no account is taken of the many hundreds of thousands being given for the maintenance of the State University, Normal Schools, Lincoln Institute, and schools for the deaf, dumb, blind and the morally and mentally defective.

The record made by the present Democratic administration in behalf of the public schools surpasses all previous liberality, notwithstanding the representations being made by a hostile and mendacious partisan press now working overtime in a vicious effort to discredit the Democratic party of this state. Missouri Democrats knowing the truth, will be proud to proclaim it.

Had No Use for Water.
Robert Browning's father did not believe in drinking undiluted water. Browning used to tell a story of his father's indignation when he once asked him for a glass of water. "Water, Robert!" he exclaimed. "For washing purposes, I believe, it is often employed, and for navigable canals I admit it to be indispensable, but for drinking, Robert, God never intended it."

NOTICE TO PUBLISHERS OF SCHOOL TEXT BOOKS

A meeting of the Text-Book Commission of St. Francois county, Missouri, will be held in the office of County Superintendent of Public Schools, J. Clyde Akers, at Farmington, Mo., on Saturday, September 25, 1915, at 10 a. m.

MERIDEN, CONN.

TO THE PUBLIC

"I feel that I owe the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy a word of gratitude," writes Mrs. T. N. Witherall, Gowanda, N. Y. "When I began taking this medicine I was in great pain and feeling terribly sick, due to an attack of summer complaint. After taking a dose of it I had not long to wait for relief as it benefited me almost immediately." Obtainable everywhere. (adv.)

At Less Cost--

There's more nutritive value that the system will absorb in Grape-Nuts than in either meat or bread.

A remarkable fact.

Weight for weight, a package of Grape-Nuts supplies one-third more nourishment than a roast of beef and at about half the cost. A roast of beef is about twenty per cent waste and there is a shrinkage in cooking. Grape-Nuts comes ready cooked—and not a crumb need be wasted.

Think it over!

Then there's bread—white bread lacks certain elements essential to building brain and body. Why? Because in milling white flour, four-fifths of the precious mineral content (all important for health and life) is thrown out with the brancoat of wheat, to make the flour look white and pretty.

Grape-Nuts

FOOD

not only supplies all the brain- and bone-building, nerve- and muscle-making phosphates of the wheat, but all the rich nutriment of malted barley.

Besides, Grape-Nuts is easily digested—generally in about an hour—white bread and beef require about two and one-half hours.

Grape-Nuts comes in germ-proof, moisture-proof packages—ready to serve with cream or milk—a delicious ration, economical and highly nourishing.

"There's a Reason"

Sold by Grocers Everywhere.
